About Us

Our company, MRK Industries, is known in the market as one of the most reliable manufacturers and suppliers of products like Rubber Pad, Rubber Pad, Polypropylene Pp Sheet, Ldpe Plastic Sheet, Non Woven Needle Punch Fabric, Rectangular Drainage Cell, and more. The employees in our team work as a single unit to effectively complete every project. These people are recruited after a thorough selection process. Our customer support team backs us up properly. They listen to the requirements and queries of our clients and guide them effectively. In addition to that, we follow fair and transparent business policies, which helps us achieve total customer satisfaction. Under the careful guidance of our mentor, we have been able to cater to the needs of a large number of customers.

Since 2022, MRK Industries, has been conducting its business operations out of New Delhi, India. Our product range includes items like Drain Board With Geotextiles Drainage Cell, Black Drainage Cell, PP Biaxial Geogrid, HDPE Black Geocells, Green Artificial Grass, Jute Geotextile Fabric, and more. In a short period, we have established ourselves as a leading manufacturer and supplier in the industry. Our clients trust us, and we make sure to uphold that trust. With the help of the feedback given by our customers, we have improved our methods, which helps us ensure total customer satisfaction. A happy customer will most likely choose us again for their product requirements, and owing to word-of-mouth, we have effectively done business with many new customers.
